

TIMELESS ELEGANCE IN DEEP BLACK

CONTI® MATTEX PROVIDES EXCITING CONTRASTS

Dark, darker, Conti® mattex jet black. The high-quality exterior film from Continental sets modern accents on windows and doors with its deep black tone. The look is similar to powder-coated aluminum – a classic in the design of the building envelope.

Would you like to find out more about our diverse product range including the Conti® mattex Shine variant? Then get in touch with our UK contact for Continental Exterior Films Mike Dean from LAMEXT Limited.
